

**CITY OF WASCO MANDATORY COMMERCIAL RECYCLING PLAN
TO CONFORM WITH AB 341**

Education:

1. July 1, 2012, City and haulers will update websites with language about the new state law.
2. July 1, 2012, City and haulers to update their brochures with information about the new state law.
3. City and haulers will use billing inserts bi-annually to educate customers about AB 341.
4. City will inform customers about recycling options through mailers, and City web site bi-annually.
5. City will inform businesses who are exempt from AB 341 through mailers and City web site bi-annually.
6. The City will encourage exempt businesses to take advantage of recycling opportunities.

Outreach:

1. Billing inserts will be mailed bi-annually
2. Customer visits affected customers will be visited on a bi-annual basis to verify compliance.
3. The City and/or haulers will make presentations to apartment associations, business groups, and service organizations about the new state law and how they can disseminate information to their constituents bi-annually.

Monitoring:

1. The City will track which businesses subscribe to recycling services and which do not. This will be accomplished through American Refuse and Sunset Waste. The City of Wasco will provide haulers with a list bi-annually of affected businesses.
2. The City will inform businesses that are not recycling that they must recycle by mailer on a bi-annual basis.

Reporting in the Electronic Annual Report (EAR):

1. City will provide the following info:
 - a) Update on education/outreach/monitoring activities.
 - b) How many complexes with 5 or more units total and how many total businesses are recycling
 - c) How many complexes with 5 or more units are not recycling and how many businesses are not recycling
